My apologies.

I never thought you would sing an idol song.

Me too! That was really touching...

I got to love the idol song.

Sorry for the idol song.

Some was very emotional for some reason.

I borrowed my sister's favorite idol DVD and learned it overnight!

You even mastered the dance overnight!

This intro... Is this...?

Who's next?

Was it supposed to be such a sad song...?

It's a secret!

Did you borrow this costume from here?

Oh, no.

It's a little difficult to answer...

I also made this overnight.

HOME MADE!?

And the party heated up in an instant.

L.O.V.E. Lovely MASAKI!

But it was really fun to see you guys here today!

Houkou-san, are you having fun?

YAY!!

Since we can't sing songs with everyone here, let's come with just the two of us next time!

Alright, let's sing this song for the last one!

I've never got to sing with anyone, so I'm back to... light of fun today!

Hou-cchi-san!

You learned that this song are some anime which are allowed to be sung.

The boundary between otaku and normal vague, melody.

We can be pals on a first name basis!

EH?
